

	Health, Safety, Quality and Environmental Alert	Alert number: 40-14	Document Reference: AMG/F/HSQE/001
	Bryn Incident	Issue Date: 24/12/14	Author: Steve Milroy

(To be posted on HSQE Notice Boards for a Period of 1 MONTH from date of issue)

Background:

EXTRA VIGILANCE

Investigations into the causes of the Bryn incident (Wiring Train Runaway and collision with 2 MEWPs) are in progress with further testing, procedural review and interviews to be undertaken over the next few weeks.

IMMEDIATE ACTION

Irrespective of the outcome of the investigation, please ensure ALL operators are briefed and comply with the following advice:

REMEMBER: BEFORE LEAVING A VEHICLE ALL OPERATORS MUST ENSURE THAT THEY HAVE POSITIVE INDICATION THAT THE MACHINE IS IN A SAFE MODE.
